

Year 7 Textiles Learning Outcomes

Introduction to Textiles

- To understand how to work safely in the textiles room to keep everyone safe.
- To understand the properties of natural and synthetic fabrics.
- To experiment with at least two hand stitches accurately (running and back stitch).
- To identify different ways to decorate fabrics (appliqué, embroidery, fabric pens)

Toy Monster

- To understand a design brief.
- To be able to self-assess ideas.
- To create a developed design 'To scale'.
- To combine ideas from initials design to a developed final design.
- Follow a design plan to cut, sew and assemble the toy monster safely.
- Use appropriate hand stitching techniques to construct the toy.
- Add decoration to enhance the appearance of the finished product.
- Compare the finished toy monster to the original design and brief.
- Identify strengths and areas for improvement in the finished product.
- Reflect on the skills learned and set a target for future improvement.
